Welcome to Term 4!
This term in Cultural Studies we are jetting across the Atlantic Ocean to find ourselves in the Americas. We will be reviewing both North America and South America. To start off the term we are setting off on a road trip across the USA to explore some of the most famous monuments and landmarks. The 5/6s will be producing an iMovie advertisement for their chosen landmark – to inform and persuade the class to visit. While 3/4 students will be producing their advertisement in poster format. We will also be organising some activities related to the American tradition of Halloween which occurs at the end of October.
